📋 Product Backlog – sprint 7

Scrum Master: Juno Tyne

Product Backlog:

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-042	As a product owner I want to be able to merge the Speed Goats stories into our product backlog.	10	5	Y	Done	Fawz
RC-043	As a developer, I want to transition the ecamsbillboard@gmail.com email account to the new team	10	1	Y	Done	Juno
RC-036	As a developer, I want to learn and document the process of setting up a backup pi	10	2	Y	Done	Nicholas
RC-023	As a developer, I want to learn and document the process of migrating the host of the site	10	2	Y	Done	Juno
RC-041	As a developer I want to coordinate with Speed Goats to get a time for a joint presentation.	9	2	Y	Done	Nicholas
RC-040	As a Product Owner, I want to manage the backlogs and focus on getting our teammates to know the product and prioritize stories so that I can deliver value to users by the end of the sprint.	8	2	Y	Done	Fawz
RC-024	As a developer, I want to learn and document how to use the pi for the sake of upkeeping	8	2	Y	Done	Nicholas
RC-035	As a developer, I want to learn and document the process of creating a brand new pi for the billboard	8	3	Y	Done	Nicholas
RC-033	As a user, I want to be able to view the slides on the ECaMS buillboard in an order selected by the developers	8	4	N	Done	Ryan
RC-037	As a developer, I would like to unify the backlogs to make sure no stories are lost	6	4	Y	Done	Fawz

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-025	As a developer, I want to learn and document how to properly modify the pi for future changes	6	3	Y	Done	Nicholas
RC-038	As a user, I want to see a new slide with StoneOcean's new logo so I can identify them easier than the original slide	3	2	Y	Done	Juno
RC-017	As a user, I want the Stone Ocean team to have a unique and recognizable logo so that I can easily identify them	3	2	N	Done	Juno
RC-021	As a user, I want a form to give recomendations and feedback to the team in charge of the billboard and to be accessible from the billboard	3	2	N	Ready	Juno
RC-032	As a developer, I want to be able to easily modify the order of the slides in the api	3	4	Y	Done	Ryan
RC-022	As a user, I want the recommendation and feedback form to be easily reachable and user friendly	3	1	N	Ready	Juno
RC-044	As a developer, I want to create a hierarchy in the list of accepted emails in the API, so that no one can remove the ECaMS email, and the ECaMS account can remove anyone else.	1	4	N	Done	Ryan
RC-045	As a user, I want a visually appealing slide with a qr code to access the feedback form	1	2	N	Ready	Juno
